## Adding Care Team Members in the New Intake Navigators

When searching for Care Team Members, you **must delete the address that prepopulates in the search field**, then search for the provider.

The screenshot displays the Epic Home Health Intake interface. On the left, a navigation pane lists various sections, with 'Care Team' highlighted in red. The main content area shows the 'Care Team' section, where the 'Add a team member' button is also highlighted in red. To the right, a 'Provider Finder' search window is open, showing a search field with the placeholder text 'Near City, State, ZIP, or Keyword' highlighted in red. Below the search field, there are filter options and a 'Search' button. The interface also shows other sections like 'Referral Info', 'Face to Face Attestation', and 'Assessment Info'.
