

OASIS ITEM
<p>(M2110) How Often does the patient receive ADL or IADL assistance from any caregiver(s) (other than home health agency staff)?</p> <p> <input type="checkbox"/> 1 - At least daily <input type="checkbox"/> 2 - Three or more times per week <input type="checkbox"/> 3 - One to two times per week <input type="checkbox"/> 4 - Received, but less often than weekly <input type="checkbox"/> 5 - No assistance received <input type="checkbox"/> UK - Unknown* </p> <p>*at discharge, omit Unknown response.</p>
ITEM INTENT
Identifies the frequency of the assistance with ADLs (e.g., bathing, dressing, toileting, transferring, ambulating, feeding, etc.) or IADLs (e.g., medication management, meal preparation, housekeeping, laundry, shopping, financial management) provided by any non-agency caregivers.
TIME POINTS ITEM(S) COMPLETED
Start of care Resumption of care Discharge from agency – not to an inpatient facility
RESPONSE—SPECIFIC INSTRUCTIONS
<ul style="list-style-type: none"> Responses are arranged in order of most to least assistance received from caregivers. Note that this question is concerned broadly with ADLs and IADLs, not just the ones specified in other OASIS items. ADLs are defined as the tasks of everyday life. Basic ADLs include eating, dressing, getting into or out of a bed or chair, taking a bath or shower, and using the toilet. Instrumental activities of daily living (IADL) are activities related to independent living and include preparing meals, managing money, shopping, doing housework, and using a telephone. Select the response that reports how often the patient receives assistance with any ADL or IADL.
