

HRS ClinicianConnect™ App Instructions for Video Call

1. Open HRS ClinicianConnect application on your Tablet and log in using your credentials (Username and Password)
2. Upon logging into the app, users will be greeted with a view of the patient list. Locate the patient on the list or click on the magnifying glass to search for the patient.
3. Once you have located the patient, press the blue speech bubble icon  to perform voice call, video call or chat.
4. Select the type of call you would like to perform (Voice Call, Video Call, or Chat).
5. Activate call by pressing on blue icon (Blue phone icon to activate Voice Call, Blue Camera icon to activate Video Call).

See Below for reference picture:

Patient List

Click on the magnifying glass to search for patients

Selecting any green boxes marks patients who are reviewed as unreviewed.

Selecting this box allows users to voice call, video call or chat with a patient directly from patient list**

Selecting any red boxes marks patients who are unreviewed as reviewed.

Clicking the arrow takes users to a view of the patient's full profile
